ON VIEW AT ZERO 10
SARAH MEYOHAS: *PHASE TRANSITION*

BOOTH Z14

Boesky Gallery is pleased to present *Phase Transition*, a new installation by conceptual artist Sarah Meyohas (b. 1991, New York, NY) for the second edition of Zero 10—curated by Karen Archey and Eli Scheinman—at Art Basel Miami Beach 2026.

Considering the creation of value and the nature of exchange, Meyohas interrogates the systems—both innate and manufactured—that govern contemporary society. Pairing a studied consideration of the unrealized potential of various technologies with a deft handling of analog artistic techniques, Meyohas produces work that is as conceptually rich as it is visually arresting.

For *Phase Transition*, Meyohas presents a series of organic forms—evoking seals or whales or sperm—that drape across mesh pedestals, slouch against walls, and dangle off suspended wires. Windows—cut directly into the casing of a number of these bodies—reveal small glass tanks filled with ferrofluid in constant motion. ■
